

# Coding Test 4

## CSE 2218 - DSA II Lab (C)

Duration: 45 minutes

Marks: 20

According to the given graph, write simple code for the following:

1. Print the weighted graph in an adjacency matrix. [5]
2. Calculate the minimum distance between node A and node C. [10]
3. Print the path for minimum distance between node A and node C. [5]
